

JOB OPPORTUNITY BULLETIN

CLASSIFICATION: SENIOR PROGRAMMER ANALYST (SPECIALIST)

TENURE: PERMANENT

TIME BASE: FULL-TIME

SALARY: \$6,057 - \$7,961

**LOCATION: Information Technology Services Branch (ITSB)
Sacramento, California**

FINAL FILING DATE: Until Filled

DUTIES/RESPONSIBILITIES:

The California Energy Commission is looking for a talented programmer/developer with great analytical skills and a passion for problem solving to join our Application Development Office. You will get to use your logical mind and technical skills along with our development standards to translate business requirements into applications that provide solutions for the Energy Commission that is in the forefront of energy initiatives. We have opportunities for you to be part of an environment where you can apply and improve your current skills and gain new experience while enjoying being part of our team oriented group.

Under the general supervision of the Application Development Office (ADO) Manager, the incumbent will work on complex applications in ASP .NET and SQL, and/or on complex information technology system problems; and works independently as a technical specialist. The incumbent must have a proficient knowledge of data processing concepts, practices, methods and principles within the Systems Development Life Cycle (SDLC) and work as a team member with other programmers and represent the section at internal and external meetings supporting the Energy Commission's Enterprise Architecture.

REQUIRED/DESIRABLE EXPERIENCE/QUALIFICATIONS:

The successful applicant should have:

- Ability to:
 - Clearly communicate and translate business requirements into a system and technical design.
 - Establish and maintain cooperative working relationships with a diverse customer base.
- Proficiency in:
 - Microsoft ASP .NET framework
 - C#, Web Forms and Entity Framework
 - XML, HTML, XHTML, JavaScript and AJAX
 - Visual Studio 2013 Professional
 - MS SQL Server 2008/2012
- In depth knowledge of Structured Query Language / Transact SQL and stored procedures
- Good understanding of:
 - VMWare
 - Software Testing Principle

(Continued)

WHO MAY APPLY: Interested applicants must submit a completed Standard State Application (Form STD. 678) with an original signature, to the contact/address listed below. Electronic applications will be accepted. **You must clearly indicate the basis of your eligibility (i.e., list, transfer, SROA/Surplus, reinstatement, etc.), RPA #210-193 and Position #535-210-1583-xxx in the “Explanation Section” of the STD 678.** A separate application is required for each position. Resumes are welcomed but do not take the place of the completed State Application STD 678. Applications will be screened for experience and only the most qualified will be contacted for an interview. **NOTE: Failure to comply with the filing instructions and incomplete applications received will not be considered.**

***Please Note:** Possession of the minimum qualifications will be verified prior to the interview and/or appointment. If it is determined an applicant does not meet the minimum qualifications, the application may be forwarded to the State Personnel Board for review and the applicant’s name may be removed from the eligibility list.*
